Vol. V, No. 50

R. A. MACLE, D.

June 1, 1937

EDITORIAL

This is the first issue of the Sexsmith page, and we will endeavor to keep it going, providing we have the support of the merchants with their ads. In the past there has been considerable money of the district sent out to mail order houses, and to other towns, and when it is all boiled down, if you will look around you will find that you can buy just as cheaply here, and get the same quality of goods; and, taking this into consideration, it is up to the people to support your own town. If you look back for the last few years, during the tough times we have come through, many of the stores carried you for quite a long time, and it is only fair that you should support those who stayed the game with you during the depression.

**BEST AVAILABLE PICTURES
TO BE SHOWN AT GRAND**

The Grand Theatre, which will reopen on June 10, 11 and 12 with "The Dark Angel", has signed contracts with the Fox Twentieth Century, United Artists and Universal film companies and for the coming year will show the best available pictures, same that are being shown in the larger centres. A list of the coming attractions will be in a later issue of this paper and you can judge for yourselves as to the quality of same.

**Sexsmith Sports
Day To Be Day
Of All Days**List Of Attractions Has Everything
And It Is One Day No One
Should Miss

Wednesday, June 23, will be Sexsmith's Day. This will be Sports Day here, under the auspices of the Sexsmith Athletic Association, and everything will be done to make this the best ever—which is taking in quite a bit of territory at that.

There will be sports and fun for all, both young and old, horse racing, track events, chariot races, baseball, basketball, and other events too numerous to mention.

Picture show afternoon and evening and aeroplane rides for the kiddies are outstanding events on the program. Then there is the midway, one that would rejoice the heart of the late T. P. Barnum. We have been told that there will be tanks of all kinds there, to say nothing of fun dancers, and the strip-teasers, too.

In the evening there will be a monster dance, with good music. "This is one day you cannot afford to be away from Sexsmith. See the posters and watch for further information in later issues of The Tribune."

**SEXSMITH BIG WINNER AT
INSPECTORATE TRACK MEET**Captures 15 Trophies And Both Of
Two Outstanding Athletes Are
Sexsmith Students

In the School Field Day and Track Meet of the Grand Prairie School Inspectorate, held at Grande Prairie last Saturday, Sexsmith School covered itself with glory. There were 25 schools present and we believe 53 cups out of this aggregation this school took 15 of the cups, approximately two-sevenths, and the outstanding athletes were Tom Men and Viva Warden, both of Sexsmith. Gentlemen, can you beat this for one school out of thirty-five.

"LABURNUM GROVE" GOOD

"Laburnum Grove" was presented at the Sexsmith Hall, by the Grande Prairie players, on Friday evening last. Owing to the short notice and numerous counter-attractions, the crowd was small. However, those who attended were well treated, as it was a very finished presentation and deserved a much larger support. All the cast were good and took their parts naturally. Special mention could be made of Canon R. J. Pierce and Mrs. Sanger-Davies, who were very near the professional.

**DON'T FORGET CLAIMMONT'S
BIG ANNUAL SPORTS DAY**

Our sister town of Claimmont will be holding their Sports Day on Wednesday, June 9, and the Sexsmith district will be there en masse.

Claimmont and district have always been a strong supporter of our own sports and it is up to us to show that same spirit of cooperation as in the past.

**"SCOTTY" BOYD BACK
AT R. R. MEAT MARKET**

"Scotty" Boyd, who has been with the Peace River Meat Market at Peace River town for the past winter, returned to Sexsmith last week, accompanied by Mrs. Boyd and family, and is now back on his old job with that company's establishment in Sexsmith.

**NEW BREAD MIXER AT WALKER
BAKERY WORKING OVERTIME**

At the Walker Bakery there has just been installed an up-to-date bread mixer which is now working overtime. This machine can do the same amount of work in ten minutes that a one-man power mixer can do in one hour. The only drawback is that Jim, who has been operating his boylike figure through pounding the dough, will no doubt be increasing his girth again.

SEXSMITH LOCAL PARS

Mr. and Mrs. Charles Esselink and J. LaValley and young daughter, of Fairview, spent the week-end in Sexsmith at the home of Mrs. Esselink's parents, Mr. and Mrs. A. D. Wilson.

**Legion Planning
Jamboree For
All Children**Will Prove To Them There Is A Santa
Clause—Every Rare, Color Or
Cred Welcome

Well, kids, those of you who do not believe in Santa Claus will have your faith renewed when you hear that on Sunday, June 27, the Canadian Legion, Post 60, of Sexsmith, at a meeting on Monday night last, decided to give a picnic either at Miller's Point or at Buffalo Lake—which will be decided this week, and a notice will be in these columns as to which place the jamboree will be held. Watch for the next issue.

All children, irrespective of race, color or creed will be welcome from Teepee Creek to a long distance west of Sexsmith, and transportation will be provided for those who have no other means of getting there. Particulars of this will also be announced in a later issue of The Tribune. There will be games, etc., for the kids, say nothing of free ice cream, candy and peanuts, also lunch to the full capacity of your tummies. Keep this date in mind, and have your ears washed out on that day.

ILLUSTRATED NEWS OF THE WEEK - A SPECIAL TRIBUNE FEATURE

THE BEST OF THE WEEK'S INTERESTING NEWS PICTURE

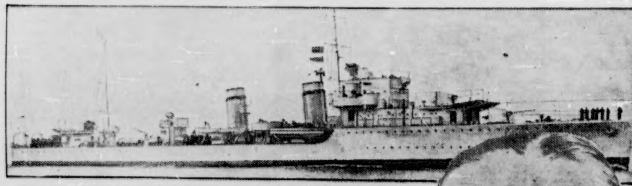

ONE OF BRITISH CHALLENGERS STARTING ON LONG JOURNEY TO AMERICA

This picture shows Endeavour I starting on her long journey to the United States, where she and Endeavour II, another "3" class yacht, will compete for the America's Cup.

THE CANADIAN CONTINGENT MARCHES DOWN COUNTRY LANES

A picturesque scene near Pirbright Camp, Surrey, as Canada's Convention contingent of 200 officers and men march along the lovely English country lane. The officer in command of the contingent is Colonel Strickland.

The H. M. S. Hunter, new British destroyer

BRITAIN INVESTIGATING BLAST OF H.M.S. HUNTER

Reported to have struck a mine while cruising off Almeria on the southern coast of Spain, the British destroyer, H.M.S. Hunter, was reported to harbor in a badly damaged condition. Eight members of her crew were killed and Sir Samuel Hoare, head of the British Admiralty, has launched an investigation to determine responsibility of the disaster.

PITTSBURGH'S STEEL WORKERS VOTE ON UNION QUESTION

A radio soundphoto of the steel workers at Pittsburgh voting on the question, "Do you want the union (C.I.O.) to deal for you with the company?" According to reports 17,028 voted in the affirmative and 7,207 voted against the union.

Here and There

OTTAWA, May 27—Any default by the Alberta government on its \$1,050,000 bond maturity due June 1, and which is payable in New York and Canada, might react on the Canadian credit structure, but it is not anticipated that borrowing by the Dominion or by any provincial government which has always met its obligations would be affected seriously. No application on that score is indicated at Ottawa. So far there have been no indications that the Dominion government is doing anything or proposing to do anything in the way of helping the Alberta government to meet its impending maturity. Moreover, it is not clear how it possibly could do anything.

LONDON, May 27—A tall, thin man with a mixture of conservatism, statecraft and bookkeeping in his blood, conferred with political leaders Thursday on the make-up of the cabinet he will head as Britain's next premier. Next door at famed No. 10 Downing Street, Stanley Baldwin's famous pipe sent clouds of smoke billowing around his head as he wound up affairs at his desk and made ready to hand over the premiership to Neville Chamberlain Friday.

LONDON, May 27—The British plan for an armistice in Spain to permit withdrawal of all foreign fighters was virtually abandoned Thursday. The disclosure was made along with plans for a simple plea to both sides in the Spanish civil conflict to "humanize the war." This was put in first place on the agenda of the European non-intervention committee.

LONDON, May 27—a national coal strike was averted Thursday by a provisional agreement for the merger of two mine unions. The Nottinghamshire Industrial Union sponsored by mine owners, will be absorbed by the Nottinghamshire Miners' Association. Delegates to a conference of the Mine Workers' Federation approved the move. Strike notices were withdrawn in all districts. Miners had voted overwhelmingly to walk out in protest against the refusal of owners of the Harworth Colliery in Nottinghamshire to hold collective bargaining negotiations with a local of the Mine Workers' Federation. Thursday's agreement provides for re-employment of the Harworth workers.

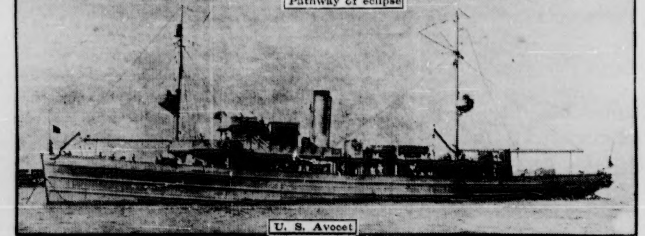

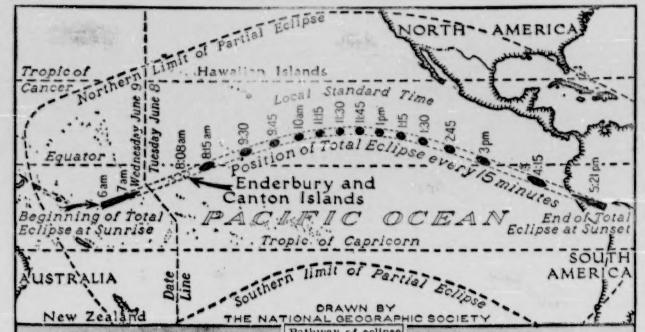

CHARGED WITH TRIPLE MURDER

Lester Brocklehurst, 25, former Sunday school teacher, faces trial on charges of murdering three men, who, according to his confessions, were slain to "amuse" his sweetheart, Beatrice Felton, 18, alias of Rockford, Ill. Brocklehurst and his companion were arrested after a cross-country flight, during which the youth allegedly committed 27 robberies.

OXFORD GROUP FOUNDER GOES TO NETHERLANDS

Dr. Frank N. D. Buchman (right) founder of the Oxford Group, and Mr. Eric Bentley (left), of Toronto, photographed as they arrived at Amsterdam by air liner to take part in the launching of a new campaign before 10,000 persons at Utrecht's largest hall. Twelve Canadians who sailed from the Dominion to attend the coronation celebrations in London, travelled with Dr. Buchman and took part in the campaign.

RADIO BROADCAST OF SUN'S ECLIPSE PLANNED FROM LONELY ISLE

Three men, in pursuit of a 15-minute radio broadcast, are travelling almost one-third of the distance around the globe to witness the longest total eclipse of the sun since the year 600 A.D. Soon after sunrise on the morning of June 8 these men will attempt a broadcast from the lonely little Phoenix Islands in the mid-Pacific a description of a total eclipse of great scientific interest, which will sweep across a giant arc 8,800 miles long. In all that vast distance there are but two spots where it can be observed satisfactorily, and these are the two small islands of Canton and Enderbury, part of the Phoenix group. The United States mine sweeper Avocet is carrying the men and equipment to the islands to broadcast the spectacle which no man has witnessed in centuries.

"THE KNOCKOUT"—Off, in the Chicago Tribune.

"What's the matter with the old bus? It runs!"—Caroline in Des Moines Register.

"Now long are you staying up here in the mountains, old man?"—Corien Moschini, Milan.
